Community Trust Bancorp, Inc. (NASDAQ-CTBI) reports record earnings for the third quarter 2017 of \$13.8 million, or \$0.78 per basic share, compared to \$11.5 million, or \$0.65 per basic share, earned during the second quarter 2017 and \$12.3 million, or \$0.70 per basic share, earned during the third quarter 2016. Earnings for the nine months ended September 30, 2017 were \$36.6 million, or \$2.08 per basic share, compared to \$35.5 million, or \$2.02 per basic share, for the nine months ended September 30, 2016.

3rd Quarter 2017 Highlights

- ❖ Net interest income for the quarter of \$35.0 million was an increase of \$0.7 million, or 2.1%, from second quarter 2017 and \$1.7 million, or 5.2%, from prior year third quarter.
- ❖ Provision for loan losses for the quarter ended September 30, 2017 decreased \$2.1 million from prior quarter and \$1.5 million from prior year same quarter. The decrease was the result of sustained improvement in the 12 quarter rolling average core portfolio metrics utilized in our allowance for loan losses model. While quarter over quarter fluctuations occur, management focuses on longer term trends as an indication of overall credit quality. The reduction resulted in a three basis point decrease in our loan loss reserve from 1.20% to 1.17% of total loans.

- ❖ Our loan portfolio increased \$26.1 million, an annualized 3.4%, during the quarter and \$182.1 million, or 6.2%, from September 30, 2016.
- ❖ Net loan charge-offs for the quarter ended September 30, 2017 were \$1.4 million, or 0.18% of average loans annualized, compared to \$1.3 million, or 0.18%, experienced for the second quarter 2017 and \$2.1 million, or 0.28%, for the third quarter 2016.
- ❖ Nonperforming loans at \$30.0 million increased \$2.0 million from June 30, 2017 and \$1.7 million from September 30, 2016. Nonperforming assets at \$62.2 million increased \$1.5 million from June 30, 2017, but decreased \$3.8 million from September 30, 2016.
- ❖ Deposits, including repurchase agreements, increased \$97.6 million during the quarter and \$144.1 million from September 30, 2016. Deposit growth during the quarter included \$82.3 million in wholesale brokered deposits.
- ❖ Noninterest income for the quarter ended September 30, 2017 of \$12.2 million was a decrease of \$0.1 million, or 0.9%, from prior quarter and \$1.0 million, or 7.5%, from prior year same quarter. The decrease from prior quarter was the result of the gain on the repurchase of trust preferred securities during the second quarter, along with a decrease in trust revenue. This decrease was partially offset by increases in gains on sales of loans and deposit service charges. The decrease from same quarter last year was the result of decreases in gains on sales of loans, deposit service charges, loan related fees, and securities gains.
- ❖ Noninterest expense for the quarter ended September 30, 2017 of \$26.9 million decreased \$0.6 million, or 2.3%, from prior quarter, but increased \$0.2 million, or 0.9%, from prior year same quarter. The variance in noninterest expense for the quarter was due to a decrease in net other real estate owned expense from prior quarter and an increase in net other real estate owned expense from prior year same quarter.

Net Interest Income

Net interest income for the quarter of \$35.0 million was an increase of \$0.7 million, or 2.1%, from second quarter 2017 and \$1.7 million, or 5.2%, from prior year third quarter. Our net interest margin at 3.67% was down one basis point from prior quarter but up one basis point from prior year same quarter, while our average earning assets increased \$55.5 million and \$173.4 million, respectively, during those same periods. Our yield on average earning assets increased 4 basis points from prior quarter and 13 basis points from prior year same quarter, and our cost of funds increased 9 basis points from prior quarter and 18 basis points from prior year same quarter. Our ratio of average loans to deposits, including repurchase agreements, was 91.1% for the quarter ended September 30, 2017 compared to 89.9% for the quarter ended June 30, 2017 and 88.3% for the quarter ended September 30, 2016. Net interest income for the nine months ended September 30, 2017 increased \$2.7 million, or 2.7%, from September 30, 2016.

Noninterest Income

Noninterest income for the quarter ended September 30, 2017 of \$12.2 million was a decrease of \$0.1 million, or 0.9%, from prior quarter and \$1.0 million, or 7.5%, from prior year same quarter. The decrease from prior quarter was the result of the \$0.6 million gain on the repurchase of \$2.0 million in trust preferred securities during the second quarter, along with a \$0.1 million decrease in trust revenue. This decrease was partially offset by increases in gains on sales of loans (\$0.1 million) and deposit service charges (\$0.3 million). The decrease from same quarter last year was the result of decreases in gains on sales of loans (\$0.2 million), deposit service charges (\$0.1 million), loan related fees (\$0.5 million), and securities gains (\$0.4 million). Noninterest income for the nine months ended September 30, 2017 increased \$0.2 million, or 0.5%, compared to the nine months ended September 30, 2016. This increase was also the result of the \$0.6 million gain during the second quarter mentioned above, along with a \$0.7 million increase in trust revenue, partially offset by decreases in gains on sales of loans (\$0.5 million) and securities gains (\$0.5 million).

Noninterest Expense

Noninterest expense for the quarter ended September 30, 2017 of \$26.9 million decreased \$0.6 million, or 2.3%, from prior quarter, but increased \$0.2 million, or 0.9%, from prior year same quarter. The variance in noninterest expense for the quarter was due to a \$0.5 million decrease in net other real estate owned expense from prior quarter and a \$0.4 million increase in net other real estate owned expense from prior year same quarter. The increase in net other real estate owned expense from prior year same quarter was partially offset by a decreases in personnel expense (\$0.1 million) and FDIC insurance premiums (\$0.2 million). Noninterest expense for the nine months ended September 30, 2017 increased \$2.0 million, or 2.5%, compared to the nine months ended September 30, 2016, as a result of a \$2.2 million increase in net other real estate owned expense. Personnel expense for the nine months ended September 30, 2017 increased \$0.4 million from prior year with a \$0.8 million increase in salaries and a \$0.3 million increase in the cost of group medical and life insurance, partially offset by a \$0.4 million decrease in bonuses and incentives.
